#### SUBCHAPTER C—EXPORT PROGRAMS

[Amdt. 3]

#### PART 481—RICE

##### Subpart—Rice Export Program; Payment-in-Kind (GR-369); Terms and Conditions

The Terms and Conditions of the Rice Export Program—Payment-In-Kind (GR-369) (23 F.R. 9656) as amended (24 F.R. 4647) and (24 F.R. 7807) are, with regard to any contract resulting from CCC's acceptance of an exporter's offer to export rice (milled, or brown, or both) which is submitted by such exporter on and after the date of publication of this Amendment 3 in the FEDERAL REGISTER, and are, with regard to any contract resulting from CCC's acceptance of an exporter's offer to purchase rough rice with certificates which is confirmed by a Confirmation of Sale

specifying a date of sale which is on and after such date of publication, further amended as follows:

Section 481.110 is amended to provide for dual subsidy rates during 90-day periods prior to availability of new crop rice for export from California and from the Southern producing area, with one set of rates applicable to rice exported before the end of the period pertinent to each area and the other applicable to rice exported after the end of such period, so that the amended section will read as follows:

###### § 481.110 Export payment rates.

(a) CCC will issue rate schedules prior to the effective date of such schedules, listing the rates expressed in dollars and cents per hundredweight applicable to various classes and kinds of rice exported in accordance with this program. All rate schedules will be numbered, dated, and identified with the program, and will be effective for a period which shall be the longer of (1) the period specified in the rate schedule (which shall be not less than 7 calendar days), or (2) a period which ends on the calendar day preceding the effective date of the next rate schedule issued.

(b) Rates will be established for whole kernel milled rice of each class or variety and for the classes second heads, screenings and brewers milled rice. During 90-day periods each year, ending August 15 for varieties of rice produced in the Southern producing area and ending September 30 for varieties of rice produced in California, two subsidy rates will be in effect for rice of each class or variety and will be applicable to rice exported under contracts resulting from CCC's acceptance during such 90-day periods of offers to export rice under this program. As specified in the rate schedules, one rate established for each class or variety will apply to rice exported before the end of the 90-day period applicable to the class or variety exported and the second rate will apply to rice exported after the end of such 90-day period.

(c) The export payment rate per net hundredweight of milled rice or brown rice exported will be determined as follows:

(1) For milled rice other than second heads, screenings or brewers, grading U.S. No. 6 or better, the export payment rate will be computed by (i) multiplying the percent of whole kernels, as shown on the official lot inspection certificate, by the applicable whole kernel rate for the class or variety, (ii) multiplying the percent of broken kernels, as shown on the official lot inspection certificate, by the rate for second heads, and (iii) adding the results.

(2) For milled rice which does not grade U.S. No. 6 or better, the export payment rate will be computed by multiplying the applicable rates for whole kernels, second heads, and screenings and

brewers, by the respective percentages of each, as shown on the official lot inspection certificate of the rice exported, and adding the results.

(3) For brown rice the export payment will be computed by multiplying the percentage of whole kernels and the percentage of broken kernels, as indicated by an official lot inspection certificate of the brown rice exported showing the milling yield, by the respective rates for the applicable class or variety of whole kernels and for second heads and adding the results.

(d) Nothing contained in this section shall be construed to extend the period for exportation specified in § 481.108.

(Sec. 5, 62 Stat. 1072; U.S.C. 714c. Interpret or apply sec. 407, 63 Stat. 1055, as amended; sec. 201(a), 70 Stat. 198; 7 U.S.C. 1427, 1851)

Issued this 28th day of April 1960.

#### PART 482—COTTON PRODUCTS EXPORT PROGRAM

##### Correction

In F.R. Doc. 60-3716, appearing at page 3544 of the issue for Saturday, April 23, 1960, the following corrections are made:

1. In § 482.351, the street address should read "80 Lafayette Street," instead of "50 Lafayette Street."

2. In footnote 1(a) of the tabular material appearing in § 482.357, the word "fasteers" should read "fasteners".

3. In § 482.361(d), the phrase "or port of custody bill of lading," should read "or port or custody bill of lading,".

## Title 7—AGRICULTURE

### Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Lemon Reg. 843, Amdt. 1]

#### PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

##### Limitation of Handling

**Findings.** 1. Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said

amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U.S.C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in California and Arizona.

*Order, as amended.* The provisions in paragraph (b) (1) (ii) of § 953.950 (Lemon Regulation 843, 25 F.R. 3549) are hereby amended to read as follows:

(ii) District 2: 418,500 cartons.

## Title 14—AERONAUTICS AND SPACE

### Chapter III—Federal Aviation Agency

#### SUBCHAPTER C—AIRCRAFT REGULATIONS

[Reg. Docket No. 358; Amdt. 138]

#### PART 507—AIRWORTHINESS DIRECTIVES

##### Lockheed 049, 149, 649, 749, 1049, and 1649 Series Aircraft

Investigation of a failure in the segment ring of the aft pressure bulkhead has established that cracks are likely to occur in this area on Lockheed 049, 149, 649, 749, 1049, and 1649 Series aircraft with more than 30,000 hours time in service. Complete failure of the ring will affect the structural integrity of the aircraft. Since safety is affected by this type of failure, it is necessary to require inspection for cracks and repair of the area if cracks are found.

In the interests of safety the Administrator finds that notice and public procedure hereon are impracticable and that good cause exists for making this amendment effective upon publication in the FEDERAL REGISTER

In consideration of the foregoing § 507.10(a), (14 CFR Part 507), is hereby amended by adding the following new airworthiness directive:

LOCKHEED. Applies to all Model 049, 149, 649, 749, 1049, and 1649 Series aircraft.

Compliance required as indicated.

A crack was found in the segment ring of the fuselage aft pressure bulkhead. The crack, approximately 37 inches long, was in the top left section of the ring, extending from a point right of center. As a result of investigation of the failure, the following must be accomplished on all aircraft with more than 30,000 hours time in service.

(a) Within the next 180 hours time in service, unless already accomplished within the last 4,500 hours time in service, and every 4,500 hours time in service thereafter, inspect the entire peripheral ring of the aft pressure bulkhead at the bend radius adjacent to the skin using one of the following methods or equivalent:

(1) Radiographic inspection.

(2) Pressurize the cabin to a minimum of 2 p.s.i. Apply soap solution to the rear face of the ring and examine for leakage. This will require removal of the sealing compound.

(b) If cracks are found, they must be repaired in accordance with FAA approved manufacturer's instructions. Pressurized flight is prohibited until cracks are repaired.

(Lockheed Service Letter FS/240954 covers this subject.)

This amendment shall become effective on the date of its publication in the FEDERAL REGISTER.

(Secs. 313(a), 601, 603; 72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on April 27, 1960.

E. R. QUESADA,  
Administrator.

#### SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 59-NY-49]

#### PART 608—RESTRICTED AREAS

##### Modification

The purpose of this amendment to § 608.40 of the regulations of the Administrator is to modify the Oswego, N.Y., Restricted Area (R-70) (Albany Chart).

The presently designated altitudes and time of use of Restricted Area R-70 are from surface to 59,000 feet MSL and daylight hours, seven days per week. The Oswego, N.Y., Restricted Area is designated for antiaircraft, artillery firing, air-to-air gunnery and tow target operations by the Air National Guard, Hancock Field, Syracuse, N.Y. The Department of the Air Force has advised that an altitude of 40,000 feet MSL will encompass the activity currently conducted in Restricted Area (R-70) from sunrise to sunset. Therefore, the Federal Aviation Agency is reducing the upper altitude limit of this restricted area from 59,000 feet MSL to 40,000 feet MSL, sunrise to sunset. Such action will result in the designated altitude of (R-70) extending from the surface to 40,000 feet MSL and time of designation from sunrise to sunset.

Since this amendment reduces a burden on the public, compliance with the notice, public procedure, and effective date requirements of section 4 of the Administrative Procedure Act is unnecessary.

In consideration of the foregoing, the following action is taken:

In § 608.40, the Oswego, N.Y., Restricted Area (R-70) (Albany Chart) (23 F.R. 8585) is amended by deleting "*Designated altitudes. Surface to 59,000 feet MSL. Time of designation. Daylight hours, 7 days per week, on a year-round basis.*" and substituting therefor "*Designated altitudes. Surface to 40,000 feet MSL. Time of designation. Sunrise to sunset.*"

This amendment shall become effective upon the date of publication in the FEDERAL REGISTER.

(Secs. 307(a), 313(a), 72 Stat. 749, 752; 49 U.S.C. 1348, 1354)

Issued in Washington, D.C., on April 27, 1960.

E. R. QUESADA,  
Administrator.

#### PART 372—PROVISIONS FOR INDIVIDUAL AND OTHER VALIDATED LICENSES

#### PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

#### PART 380—AMENDMENTS, EXTENSIONS, TRANSFERS

##### Miscellaneous Amendments

1. Section 372.7 *License applications for ship stores, plane stores, supplies and equipment*, paragraph (b) *Preparation of license applications* is amended by deleting subdivision (iv) of subparagraph (1) *Vessels under construction* and subdivision (iv) of subparagraph (3) *Operating vessels and aircraft*.

2. Section 373.3 *Statement by foreign importer of aircraft or vessel repair parts*, paragraph (b) *General*, subparagraph (3) is amended to read as follows:

(3) A foreign importer qualifying under this procedure is authorized to use the United States origin parts in the repair, maintenance or servicing of any vessel or aircraft, provided the vessel or aircraft is not registered in, or not owned, operated, or controlled by, or not chartered or leased to Poland (including Danzig) or a Subgroup A country or any national of any of these countries.

3. Section 380.4 *Extension of licenses*, paragraph (a) *Time for submission of requests* is amended to read as follows:

(a) *Time for submission of requests.* A licensee may submit a request for extension of the validity period of a license

<sup>1</sup> This amendment was published in Current Export Bulletin 832, dated April 7, 1960.

which expires before shipment has been made, except that a request to extend the validity of a license issued under the emergency clearance procedure set forth in § 372.5(i) of this chapter will not be granted. It is essential that the request for extension be submitted sufficiently in advance of the expiration date to allow the Bureau of Foreign Commerce to send an advice of amendment by regular mail to the licensee and the Collector of Customs holding the license before the license expires. However, where unusual circumstances have made it impossible for the licensee to submit his request for extension before the expiration date, a request for extension will be considered if received within one month after the expiration date shown on the license. If a license does not qualify for extension under the terms set forth above, a new application for export license shall be submitted in accordance with the procedure described in paragraph (d) of this section.

This amendment shall become effective as of April 7, 1960.

## Title 21—FOOD AND DRUGS

### Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

#### SUBCHAPTER B—FOOD AND FOOD PRODUCTS

#### PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

##### Correction

It was not the intention of the Food and Drug Administration in publishing the amendment to § 120.169 in the FEDERAL REGISTER of April 19, 1960 (25 F.R. 3351), to delete the items "eggplants, peppers, tomatoes" from paragraph (a).

Therefore, the order published in the FEDERAL REGISTER on the above-cited date is corrected to read as follows:

Section 120.169(a) is amended to read as follows:

(a) 10 parts per million in or on apples, bananas, beans, cherries, cucumbers, eggplants, grapes, peaches, pears, peppers, plums (fresh prunes), strawberries, summer squash, tomatoes.

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated: April 22, 1960.

## PART 121—FOOD ADDITIVES

### Subpart C—Food Additives Permitted in Animal Feed or Animal Feed Supplements

### Subpart D—Food Additives Permitted in Food for Human Consumption

#### ZOALENE; RESIDUES PERMITTED IN MEDICATED POULTRY FEED AND IN UNCOOKED TISSUES OF CHICKENS

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition filed by the Dow Chemical Company, Abbott Road Building, Midland, Michigan, has concluded that the following regulation should issue in conformity with section 409 of the Federal Food, Drug, and Cosmetic Act, as amended, with respect to the food additive zoalene, when incorporated in chicken feed. Therefore, pursuant to the provisions of the act (sec. 409 (c) (1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under the authority delegated to him by the Secretary of Health, Education, and Welfare (23 F.R. 9500), the food additive regulations (24 F.R. 2434) are amended by adding thereto the following new section:

#### § 121.207 Zomalene (3,5-dinitro-o-toluidide) in chicken feed.

Zomalene may be safely used in chicken feed when incorporated therein accordance with the conditions prescribed in this section:

(a) It is intended for use in the prevention and control of cecal and intestinal coccidiosis in chickens caused by *Eimeria tenella* or *Eimeria necatrix*.

(b) The quantity of the additive to be used or to remain in the finished medicated feed shall not exceed 125 parts per million (0.0125 percent).

(c) To assure safe use of the additive in medicated feed, the label on the additive container or any intermediate mixes shall contain, in addition to the other information required by the act, the following:

(1) The name of the additive, zoalene.

(2) A statement of the concentration or strength of the additive contained therein.

(3) Appropriate and accurate mixing directions to provide for a final feed with the proper concentration of the additive, whether or not intermediate premixes are also to be used.

(4) Appropriate and accurate use directions to provide a finished feed labeled as provided in subparagraph (d) of this section.

(5) The word "medicated," prominently and conspicuously, wherever the term "feed," "intermediate feed," or "premix" is used, and in juxtaposition therewith.

(6) A prominent statement that the preparation is for use in medicated feed for chickens only.

(7) A prominent statement that the preparation should not be fed to laying hens.

(d) To assure safe use of the additive, the label of the finished medicated feed

shall contain, in addition to the other information required by the act, the following:

(1) The name of the additive, zoalene.

(2) A statement of the appropriate concentration or strength of the additive contained in the finished medicated feed.

(3) The word "medicated," prominently and conspicuously, wherever the word "feed" is used, and in juxtaposition therewith.

(4) An appropriate statement of the conditions for which the feed is to be used.

(5) A prominent statement that the preparation is for use as a medicated feed for chickens only.

(6) A prominent statement that the preparation should not be fed to laying hens.

Based upon an evaluation of the data before him, and proceeding under the authority of section 409(c)(4) of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(4), 72 Stat. 1786; 21 U.S.C. 348(c)(4)), the Commissioner of Food and Drugs has further concluded that a tolerance limitation is required in order to assure that the use of the food additive zoalene will not cause the edible tissues of chickens to which are fed foods treated with the additive in accordance with § 121.207 to be unsafe. Therefore, the following tolerances are established and Part 121 is further amended by adding to Subpart D the following new section:

#### § 121.1013 Tolerances for residues of zoalene (3,5-dinitro-o-toluidide) and its metabolite 3-amino-5-nitro-o-toluidide.

Tolerances are established as follows for residues of zoalene (3,5-dinitro-o-toluidide) and its metabolite (3-amino-5-nitro-o-toluidide) in the edible tissues of chickens that have received medicated feed containing the food additive:

(a) 2 parts per million (0.0002 percent) in the uncooked muscle meat and fat of chickens.

(b) 6 parts per million (0.0006 percent) in the uncooked liver and kidneys of chickens.

Any person who will be adversely affected by the foregoing order may at any time prior to the thirtieth day from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

**Effective date.** This order shall be effective on the date of its publication in the FEDERAL REGISTER.

Dated: April 26, 1960.

## PART 121—FOOD ADDITIVES

### Subpart C—Food Additives Permitted in Animal Feed or Animal-Feed Supplements

### Subpart D—Food Additives Permitted in Food and Human Consumption

#### OLEANDOMYCIN; PERMITTED ADDITION TO CERTAIN ANIMAL FEED; TOLERANCES FOR RESIDUES IN EDIBLE TISSUES OF CHICKENS AND TURKEYS

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition filed by Charles Pfizer and Company, Inc., 11 Bartlett Street, Brooklyn 6, New York, and other relevant material, has concluded that the following food additive regulation should issue in conformance with section 409 of the Federal Food, Drug, and Cosmetic Act with respect to the food additive oleandomycin. Therefore, pursuant to the provisions of the act (sec. 409(c) (1), 72 Stat. 1786; 21 U.S.C. 348(c) (1)), and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (23 F.R. 9500), Subpart C (24 F.R. 1095) is amended by adding thereto the following new section:

#### § 121.206 Oleandomycin in chicken and turkey feed.

Oleandomycin may be safely used in chicken and turkey feed when incorporated therein in accordance with the conditions prescribed in this section:

(a) It is intended for use only as an aid in stimulating the growth and improving the feed efficiency of chickens and turkeys.

(b) The quantities of oleandomycin activity permitted to be used or to remain in or on the medicated chicken or turkey feed for the purposes indicated in paragraph (a) of this section shall be equivalent to the activity of not less than 1 gram per ton (1.1 part per million, 0.00011 percent) and not more than 2 grams per ton (2.2 parts per million, 0.00022 percent) of oleandomycin activity.

(c) The oleandomycin activity may be adsorbed upon a suitable carrier vehicle that is not a food additive.

(d) To assure safe use of the additive in medicated chicken or turkey feed, the label on the additive container or on any premix shall contain, in addition to the other information required by the act, the following:

(1) The name of the additive, oleandomycin.

(2) A statement of the concentration or strength of the additive contained therein.

(3) Appropriate and accurate mixing directions to provide a final feed with the proper concentration of the additive, whether or not intermediate premixes are also to be used.

(4) Appropriate and accurate use directions to provide a finished feed labeled as provided in paragraph (e) of this section.

(5) The word "medicated," prominently and conspicuously, wherever the term "feed," "intermediate feed," or "premix" is used, and in juxtaposition therewith.

(6) A prominent statement that the preparation is for use only in medicated feed for chickens and/or turkeys.

(7) A prominent statement that the feed should not be fed to laying hens.

(e) To assure safe use of the additive, the label of the finished medicated feed shall contain, in addition to the other information required by the act, the following:

(1) The name of the additive, oleandomycin.

(2) A statement of the appropriate concentration or strength of the additive contained in the finished medicated feed, as described in paragraph (b) of this section.

(3) Appropriate directions at the specific concentrations to provide for proper use of the medicated feed.

(4) The word "medicated," prominently and conspicuously, wherever the word "feed" is used, and in juxtaposition therewith.

(5) A prominent statement that the preparation is for use only as a medicated feed for chickens or turkeys.

(6) A prominent statement that the preparation should not be fed to laying hens.

Based upon an evaluation of the data before him, and proceeding under the authority of section 409(c) (4) of the Federal Food, Drug, and Cosmetic Act (sec. 409(c) (4), 72 Stat. 1786; 21 U.S.C. 348(c) (4)), the Commissioner of Food and Drugs has further concluded that a tolerance limitation is required in order to assure that the use of oleandomycin will not cause the edible tissues or byproducts of chickens or turkeys that have received feed treated with the additive in accordance with § 121.206 to be unsafe. Therefore, the food additive regulations (24 F.R. 1095) are amended by adding to Subpart D the following new section:

#### § 121.1011 Tolerance for residues of oleandomycin.

A tolerance of zero is established for residues of the food additive oleandomycin in or on the uncooked edible tissues or byproducts of chickens or turkeys.

Any person who will be adversely affected by the foregoing order may at any time prior to the thirtieth day from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk,

Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto.

Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

**Effective date.** This order shall become effective on the date of its publication in the FEDERAL REGISTER.

## SUBCHAPTER C—DRUGS

### PART 141c—CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS; TESTS AND METHODS OF ASSAY

### PART 146c—CERTIFICATION OF CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS

#### Demethylchlortetracycline Hydrochloride Ointment

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; sec. 701, 52 Stat. 1055, as amended; 21 U.S.C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (22 F.R. 1045, 23 F.R. 9500), the regulations for tests and methods of assay and certification of antibiotic and antibiotic-containing drugs (21 CFR Parts 141c, 146c) are amended as follows:

1. Part 141c is amended by adding the following new section:

#### § 141c.258 Demethylchlortetracycline hydrochloride ointment.

(a) **Potency.** Proceed as directed in § 141c.251(a), except prepare the sample as follows: Place a representative portion of the sample (usually 1.0 gram, accurately weighed) in a separatory funnel containing approximately 50 milliliters of peroxide-free ether. Shake ointment and ether until homogeneous. Shake with a 25-milliliter portion of 0.1 N HCl. Remove the acid layer and repeat the

extraction with three 25-milliliter quantities of 0.1 N HCl. Combine the extracts and make the proper estimated dilutions in 0.1 M monopotassium phosphate buffer, pH 4.5. The sample may also be prepared by placing a representative portion of the sample (usually 1.0 gram, accurately weighed) in a glass blending jar containing 200 milliliters of 0.1 N HCl. Using a high-speed blender, blend for 3 minutes and make proper estimated dilutions using 0.1 M monopotassium phosphate buffer, pH 4.5. Its potency is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(b) *Moisture.* Proceed as directed in §141a.8(b) of this chapter.

2. Part 146c is amended by adding the following new section:

**§ 146c.258 Demethylchlortetracycline hydrochloride ointment.**

Demethylchlortetracycline hydrochloride ointment is an ointment that conforms to all the requirements and is subject to all procedures prescribed by § 146c.202 for chlortetracycline hydrochloride ointment, except:

(a) It contains demethylchlortetracycline hydrochloride in lieu of chlortetracycline hydrochloride. The demethylchlortetracycline hydrochloride used conforms to the requirements of § 146c.251(a) except § 146c.251(a)(2). A person who requests certification of a batch of ointment shall submit in connection with his request the following results of his tests and assays made on the demethylchlortetracycline hydrochloride used in making the batch: Potency, moisture, pH, crystallinity, absorptivity, and identity.

(b) Its expiration date shall be 18 months after the month during which the batch was certified.

(c) Each package of ointment shall bear on its outside wrapper or container and the immediate container the statement "Caution: Federal law prohibits dispensing without prescription."

(d) Each package shall bear adequate directions and warnings for the use of such drug by practitioners licensed by law to administer it.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be contrary to public interest to delay providing for tests and methods of assay and certification of this new antibiotic drug.

*Effective date.* This order shall become effective upon publication in the

FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

(Sec. 701, 52 Stat. 1055, as amended; 21 U.S.C. 371. Interpret or apply sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357)

### Chapter II—Federal Maritime Board, Maritime Administration, Department of Commerce

#### SUBCHAPTER J—MISCELLANEOUS

[General Order 90]

### PART 365—OFFICIAL SEALS OF THE FEDERAL MARITIME BOARD AND THE MARITIME ADMINISTRATION

The following new part is hereby added to Subchapter J—Miscellaneous of this chapter:

Sec.

365.1 Purpose.

365.2 Federal Maritime Board Seal.

365.3 Maritime Administration Seal.

AUTHORITY: §§ 365.1 to 365.3 issued under sec. 204, 49 Stat. 1987, as amended; 46 U.S.C. 1114.

#### § 365.1 Purpose.

To prescribe and give official notice of the seals of the Federal Maritime Board and the Maritime Administration.

#### § 365.2 Federal Maritime Board Seal.

(a) Pursuant to section 201(c) of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1111(c)), the Federal Maritime Board hereby prescribes its official seal, as adopted by the Board on June 6, 1950, the design of which is illustrated below and described as follows:

(1) A shield argent paly of six gules, a chief azure charged with a fouled anchor or; shield and anchor outlined of the third; on a wreath argent and gules, an eagle displayed proper; all on a gold disc within a blue border, encircled by a gold rope outlined in blue, and bearing in white letters the inscription "Federal Maritime Board" separated by two white five pointed stars from "Department of Commerce" at the bottom.

(2) The shield and eagle above it are associated with the United States of America and denote the national scope of maritime affairs. The outer rope and fouled anchor are symbolic of seamen and waterborne transportation.

#### § 365.3 Maritime Administration Seal.

(a) Pursuant to section 201(c) of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1111(c)), the Maritime Administration hereby prescribes its official seal, as approved by the Secretary of Commerce on December 27, 1950, the design of which is illustrated below and described as follows:

(1) A shield argent paly of six gules, a chief azure charged with a fouled anchor or; shield and anchor outlined of the third and surmounted by an eagle displayed with wings inverted proper; all on a gold disc edged blue within a white border, encircled by a gold rope outlined in blue, and bearing the inscription "Maritime Administration Department of Commerce 1950" in blue letters, the words "Administration" and "Department" separated by a blue five pointed star.

(2) The shield and eagle perched on it are associated with the United States of America and denote the national scope of maritime affairs. The outer rope and fouled anchor are symbolic of seamen and waterborne transportation. The date "1950" has historical significance, indicating the year in which the Maritime Administration was created.

Dated: April 8, 1960.

### BAKERY PRODUCTS; DEFINITIONS AND STANDARDS OF IDENTITY

#### Bread; Notice of Proposal to Amend Standard of Identity

Notice is given that the Red Star Yeast and Products Company, 325 North Twenty-seventh Street, Milwaukee, Wisconsin, has filed a petition proposing that the definition and standard of identity for bread (21 CFR 17.1) be amended by listing calcium iodate as an optional ingredient permitted to be used in amounts not exceeding 75 parts per million on the basis of the weight of

flour used. To achieve this purpose, it is proposed that the words "calcium iodate" be inserted immediately after the words "potassium iodate" in paragraph (a)(12) of the standard, so that as amended subparagraph (12) will read:

§ 17.1 Bread, white bread, and rolls, white rolls, or buns, white buns; identity.

(a) \* \* \*

(12) Potassium bromate, potassium iodate, calcium iodate, calcium peroxide, or any combination of two or more of these; but the total quantity thereof (including the potassium bromate in any bromated flour used) is not more than 0.0075 part for each 100 parts by weight of flour used.

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919; 21 U.S.C. 341, 371), and

the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (22 F.R. 1045, 23 F.R. 9500), all interested persons are invited to present their views in writing regarding the proposal published in this notice. Views and comments should be submitted in quintuplicate, addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, Health, Education, and Welfare Building, 330 Independence Avenue SW., Washington 25, D.C., prior to the thirtieth day following the date of publication of this notice in the FEDERAL REGISTER.

Sec. 31: Lots 3, 4, 5, 6, 11, 12, 13, 14.

The area described aggregate 1,580.86 acres.

4. Land Use Characteristics: The lands opened to application, as described in paragraph 3, are cut by dry washers, or consist of semistabilized sand dunes. In all of the lands, precipitation is very low. There is no agriculture in the area, due to the lack of water and adverse weather conditions. Much of the land is isolated and there are no inhabitants in the immediate neighborhood.

5. Subject to any existing valid rights and the requirements of applicable law, the lands described in paragraph 3 hereof, are hereby opened to filing applications, selections, and locations in accordance with the following:

a. Applications and selections under the nonmineral public land laws and ap-

plications and offers under the mineral leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws presented prior to 10:00 a.m. on May 5, 1960, will be considered as simultaneously filed at that hour. Rights under such applications and selections and offers filed after that hour will be governed by the time of filing.

(b) The lands will be open to location under the United States mining laws, beginning 10:00 a.m. on May 5, 1960.

Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing

applications which may be filed pursuant to this notice can be found in Title 43 Code of Federal Regulations.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Fifth Floor, Bartlett Building, 215 West Seventh Street, Los Angeles 14, California.

MALCOLM O. ALLEN,  
Manager, Land Office,  
Los Angeles.

### ALUMINUM TOP SHINGLE CORP.

#### Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

APRIL 27, 1960.

I. Aluminum Top Shingle Corporation (Issuer), an Oregon corporation, 245 SW. 133d Avenue, Beaverton, Oregon, filed with the Commission on June 9, 1958 a notification on Form 1-A and an offering circular relating to an offering of 150,000 shares of common stock, par value \$1, for an aggregate amount of \$150,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof and Regulation A promulgated thereunder. The offering became effective on July 16, 1958. The issuer revised its offering circular on May 5, 1959 and on February 10, 1960.

II. The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that:

1. The issuer has failed to file sales material with the Commission as required by Rule 258 of the General Rules and Regulations under the Securities Act of 1933.

2. An offering circular has not been delivered to all purchasers of the stock of the issuer as required by Rule 256(a).

3. An offering circular was used which was in violation of Rule 256(e), particularly with respect to the financial information contained therein and the failure to disclose the excessive costs incurred in selling the issuer's stock.

B. The offering circular, as revised, and other material filed therewith contained untrue statements of material facts and omitted to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, particularly with respect to:

1. Inaccurate and unreliable financial statements.

2. The status of the issuer's pending patents.

3. The failure to disclose the excessive costs of selling the securities and the inclusion of inaccurate amounts for such costs on the cover page and in the use of proceeds.

C. The sales literature used in connection with the offering contained untrue statements of material facts and omitted to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, particularly with respect to:

1. The statement that the issuer has definitely "gone into the black" for 1959.

2. The statement that the issuer has had a large percentage of increase in sales.

3. The statement that the issuer has indisputably the best aluminum shingle on the market.

E. The offering is being and would be made in violation of Section 17 of the Securities Act of 1933, as amended.

III. It is ordered, Pursuant to Rule 261 of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any persons having any interest in the matter may file with the Secretary of the Commission a written request for hearing within thirty days herefrom; that within twenty days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

### CEMEX OF ARIZONA, INC.

#### Amendment to Notice and Order for Hearing

APRIL 27, 1960.

The Commission, by order dated April 8, 1960, having ordered a hearing in the above entitled matter pursuant to section 3(b) of the Securities Act of 1933, as amended, and Rule 261 thereunder and by order dated April 13, 1960 having postponed the date of hearing to June 6, 1960 at 10:00 a.m. at the State A.S.C. Committee Conference Room, 1001 N. First Street, Phoenix, Arizona; and

The counsel for the division of Corporation Finance deeming it necessary that the issues be stated more specifically,

It is ordered, That subparagraph A of section II of the notice and order for hearing, dated April 8, 1960, be deleted and that said order be amended, in substitution for said subparagraph A, as follows:

A. Whether the offering circular contains untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to:

1. The failure to disclose that the issuer had filed a civil suit against one of its principal officers for fraud and abuse of trust.

2. The failure to disclose that the issuer's complaint in said civil suit charged that the developer of the issuer's "Cemex" process had misrepresented that process's value to the issuer and that the issuer had been falsely induced to pay the developer more for such process than its actual worth.

### MUTUAL INVESTMENT FUND, INC., ET AL.

#### Notice of Application for Order Permitting Offer and Sale of Shares of Open-End Company to Unit Trust Shareholders

APRIL 26, 1960.

In the matter of Mutual Investment Fund, Inc., Mutual Management Company, First Investors Corporation, File No. 812-1292.

Notice is hereby given that Mutual Investment Fund, Inc. ("Fund"), an open-end diversified investment company registered under the Investment Company Act of 1940 ("Act"), Mutual Management Company, investment adviser and principal underwriter to the Fund, and First Investors Corporation ("FIC"), sponsor-depositor of a unit trust organized for the accumulation of, and dealer in, shares of the Fund, have filed an application pursuant to sections 6(c), 11(a) and 22(d) of the Act to permit FIC to offer and sell to the shareholders of Diversified Trustee Shares, Series E ("Trust"), shares of the Fund at one-half the regular sales load thereon.

The Trust, a New York common law trust organized and operated under a Trust Indenture dated April 15, 1947, is registered under the Act as a unit investment trust. FIC is the successor sponsor-depositor under the Trust Indenture and Chemical Bank New York Trust is the successor trustee thereunder. At February 8, 1960, the Trust had outstanding approximately 207,082 shares, of which 36,029 shares were held outright by 87 persons, and approximately 171,053 shares were held by The First Pennsylvania Banking and Trust Company as Custodian under F-I-F Plans, of which 477 persons were the beneficial owners. The Trust was originally designated as the substitute investment medium for holders of plan certificates of F-I-F Plans and of Diversified Trustee Shares, Series D, and is a fixed trust comprised of units consisting of specified portfolio se-

curities against which certificate shares were offered representing undivided interests therein.

Under the terms of the Trust Indenture, the Trust terminated on April 15, 1960. No provision is made for its extension and no investment substantially similar in nature to the shares of the Trust has been found. Accordingly, for ninety days after termination as provided in the Trust Indenture, holders of as many as 1,000 shares, or multiples thereof, of the Trust have the option of electing to turn in their certificates representing shares of the Trust and to receive in exchange therefor one or more units of the underlying securities of the Trust, or to receive the redemption value of such shares in cash. To the extent that certificate holders do not hold shares in lots of 1,000, they are entitled to receive the redemption value in cash. After ninety days after April 15, 1960, the securities underlying the Trust must be liquidated as promptly as possible, and during such period the holders of shares of the Trust have a right to receive only cash in exchange for their shares.

FIC proposes, in return for compensation equal to one-half the customary sales charge, to offer to those holders of the Trust shares and of the F-I-F Plans who will receive cash as a result of the termination of the Trust, an opportunity for them to invest all or any portion of such cash proceeds in ten or more shares of the Fund. The Fund's shares are publicly offered at net asset value plus a sales load of 8½ percent, graduated downward on quantity purchases. The offer will be made through FIC sales representatives and by arrangements with other broker-dealers as a special offer expiring December 15, 1960. The offer will consist of a letter with a prospectus of the Fund attached, although FIC and other dealers will reserve the right to follow this solicitation by a visit by one of their respective sales representatives.

Under the provisions of section 11(a) of the Act, it is unlawful for a registered open-end investment company, or any principal underwriter of such a company, to make an offer of exchange to a holder of a security of such company or of any other open-end investment company on any basis other than the relative net asset values of the respective securities to be exchanged, unless the terms of the offer have been first submitted to and approved by the Commission. Section 11(c) of the Act makes section 11(a) applicable, irrespective of the basis of exchange, to any offer of exchange of any security of a registered open-end company for a security of a registered unit investment trust. Section 22(d) of the Act prohibits an investment company, its principal underwriter, and dealers from selling redeemable shares of such company at a price other than the current public offering price set forth in the prospectus. Under section 6(c) of the Act, the Commission by order upon application, may conditionally or unconditionally exempt any person, security or transaction from any provisions of the Act, if and to the extent such exemption is necessary or appropriate in

the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is hereby given that any interested person may, not later than May 9, 1960, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, as provided by Rule O-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

By the Commission.

### VERNIER MISSILE SYSTEMS, INC.

#### Order Temporarily Suspending Exemption, Statement or Reasons Therefor, and Notice of Opportunity for Hearing

APRIL 27, 1960.

I. Vernier Missile Systems, Inc. (issuer), a Nevada corporation, 10575 Folsom Boulevard, Rancho Cordova, California, filed with the Commission on November 17, 1959 a notification on Form 1-A and an offering circular relating to an offering of 15,000 shares of its \$10 par value common stock at \$10 per share for an aggregate of \$150,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) and Regulation A promulgated thereunder.

II. The Commission has reasonable cause to believe that:

A. The offering circular contains untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to:

1. Statements concerning the issuer's business relationship with the United States Government and the United States Air Force.

2. Statements concerning the status of issuer's development program and the reliability, productivity, and versatility of its proposed rocket design.

3. Statements concerning the issuer's negotiation and performance of contracts.

4. Statements concerning the issuer's excess of current liabilities over current assets.

B. The offer would be made in violation of section 17 of the Securities Act of 1933, as amended.

III. *It is ordered*, Pursuant to Rule 261(a) of the General Rules and Regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing within thirty days after the entry of this order; that within twenty days after receipt of such request the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission, for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; that if no hearing is requested and none is ordered by the Commission, this order shall become permanent on the thirtieth day after its entry and shall remain in effect unless or until it is modified or vacated by the Commission; and that notice of the time and place for any hearing will promptly be given by the Commission.

By the Commission.

## SMALL BUSINESS ADMINISTRATION

[Declaration of Disaster area 265]

### ILLINOIS

#### Declaration of Disaster Area

Whereas it has been reported that during the month of April, 1960, because of the effects of certain disasters, damage resulted to residences and business property located in certain areas in the State of Illinois;

Whereas the Small Business Administration has investigated and has received other reports of investigations of conditions in the areas affected;

Whereas after reading and evaluating reports of such conditions, I find that the conditions in such areas constitute a catastrophe within the purview of the Small Business Act.

Now therefore, as Deputy Administrator of the Small Business Administration, I hereby determine that:

1.
